

JOSEPH DARED TO FORGIVE HIS BROTHERS

When Joseph was a young boy, he was his father's favorite son, and he also seems to have been a very spoiled child. One day Joseph was sold by his brothers and taken to Egypt. There he lived as a slave, but he discovered that the Lord was still with him and would help him. Later, Joseph became a powerful leader in Egypt, and his brothers had to come to him and ask to buy food because there was none in their own country. Joseph could have tried to get even with them for what they had done to him. But instead, he forgave them! Not only did he let them have the food they needed, but he invited them to move to the best land in all Egypt.
